

12 August 2020

Well we are now 20 weeks in to this pandemic and sadly it seems that life will not be back to normal for quite some time.

We have faced some tough challenges over the last few months and while it has been very difficult at times to navigate our way through, we have many positives to be proud of!

We locked down very early, which was such a tough decision, however we absolutely believe that lives were saved because of this.

We have not been overwhelmed by the virus, we have had the appropriate PPE throughout the pandemic and our amazing staff, wonderful residents and their supportive families (our St Vincent family) have been amazing!

We have been able to facilitate garden visits for the last few weeks and it has been wonderful to see families reuniting... albeit socially distanced.

The St Vincent Care Homes family has got through this together and we cannot thank everyone enough for their dedication, commitment, motivation and, in the peak of the crisis, the cakes, hampers and well wishes that were being delivered daily to keep our staff teams going.

From all the Directors at St Vincent Care Homes Ltd
